

Health and Medical Sciences

Overview

The UC Berkeley-UCSF Joint Medical Program is a five-year graduate/medical degree program. The pre-clerkship years are spent at UC Berkeley, engaging in a leading-edge integrated Problem-Based Learning medical curriculum while simultaneously earning a master's degree (MS) in the Health and Medical Sciences at UC Berkeley's School of Public Health. After two and a half years, our students move across the bay to UCSF to finish their medical education and receive their medical doctorate (MD).

Undergraduate Program

There is no undergraduate program in Health and Medical Sciences. However, Pre-Med/Pre-Health (<http://guide.berkeley.edu/undergraduate/degree-programs/premed/>) is a pre-professional path that students choose when preparing for a career in graduate-level health professions.

Graduate Program

Health and Medical Sciences (<http://guide.berkeley.edu/graduate/degree-programs/health-medical-sciences-program/>): UC Berkeley-UCSF Joint Medical Program (JMP).
